

## CAMPUS SECURITY AND THE CLERY ACT

The Federal Campus Security Act of 1990 requires that all colleges and universities receiving federal funds provide annual statistics on several specific categories of crime to the government and to the members of the college community by October 1<sup>st</sup> of each year. Any crime occurring on campus or on the streets and sidewalks directly adjacent to the campus must be reported to the President/CEO (808-521-2288). ICAOM's Annual Security Report can be found on U. S. Department of Education website:

According to published data for the past year, no violent crimes were reported at the Chinese Cultural Center building where ICAOM is located. Within a surrounding one mile radius, there were several reports of thefts from vehicles and vandalism. Overall, Honolulu tends to have a lower violent crime rate than other large cities, and a somewhat higher rate of thefts from vehicles. Compared to 2009, the 2012 rate of violent crime is expected to continue a downward trend.

The area surrounding ICAOM has the characteristics of the downtown in any large city: During the daytime there are hundreds of people involved in business and shopping; late at night there are fewer people around. In other words, just use common sense. The Honolulu Police Chinatown Substation is less than three blocks from ICAOM, and provides a greater police presence than many other parts of the city. Specific data on reported crimes can be found on [www.honolulupd.org/statistics](http://www.honolulupd.org/statistics) and [www.crimemapping.com](http://www.crimemapping.com).
